"Big John" "scores big" at this "always hopping" "place to meet and greet in Cherry Creek" (with a "sophisticated, welcoming" Downtown sibling), a "masculine", "classy environment" where "superb" servers present a "diverse menu" starring "flat-out outstanding", "beautifully seasoned slabs of grilled beef" alongside an "impressive wine list"; the "lively" bar scene is "truly spectacular", plus it offers its own "nightly special": "cougar"; P.S. though it's "expensive", "compared to the competition, prices are reasonable."

1,552 Restaurants in 45 U.S. Cities  
Based on surveys of over 153,000 diners
